Executive Summary School Accountability Report Card, 2007-08

Raymond Granite High School

Address: 38828 Road 600 , Raymond CA 93653 Phone: 559-689-3490
Principal: Randall Haggard Grade Span: 9 - 12

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2007-08 school year, except the School Finances and School Completion data that are reported for the 2006-07 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

Raymond Granite High School is a Necessary Small School serving grades 9-12 in Eastern Madera County. It is a part of the Yosemite Unified School District and is located in the community of Raymond. The students have access to computers in the classroom and use them on a regular basis to complete their assignments. The computers are connected to the Internet. There is a main classroom, a wood shop, computer room, and kitchen. Students do much of their work on an independent study basis; however they spend time at school working in the computer laboratory, learning to prepare meals in the kitchen and completing service learning projects in the wood shop. They also do landscaping work at the school and in the community. The district board of trustees approved college prep classes for Raymond Granite in August, 2007.

Summary of Most Recent Site Inspection

The most recent inspection was conducted in May 2008. At that time, deficiencies were found in the interior surface (broken and stained ceiling tiles and bent window screens) and in electrical (missing outlet plate in work room and broken switch plate in office). Everything else was in good repair.

Repairs Needed

Outlet and switch plates need to be replaced or installed; window screens need repaired or replaced.

Corrective Actions Taken or Planned

The deficiencies in electrical were repaired and the bent window screens were repaired or replaced. The ceiling tile has not been replaced.

2007-08 School Accountability Report Card Report (SARC)

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the [SARC](#) Web site. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

[DataQuest](#) is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school's goals and programs.

Raymond Granite High School is a Necessary Small School serving grades 9-12 in Eastern Madera County. It is a part of the Yosemite Unified School District and is located in the community of Raymond. The students have access to computers in the classroom and use them on a regular basis to complete their assignments. The computers are connected to the Internet. There is a main classroom, a wood shop, computer room and kitchen. Students do much of their work on an independent study basis; however they spend time at school working in the computer laboratory, learning to prepare meals in the kitchen and completing service learning projects in the wood shop. They also do landscaping work at the school and in the community. The district board of trustees approved college prep classes for all alternative high schools in August, 2007.

District Vision Statement

Connecting all students with their past, present, and future, the Yosemite Unified School District will be a community of responsible young adults cooperatively learning creative problem solving skills to help them achieve their full potential as life-long learners, citizens, and workers.

THROUGH INVOLVEMENT IN THE ACADEMIC CURRICULUM AND SOCIAL PREPARATION IN THE YOSEMITE UNIFIED SCHOOL DISTRICT, STUDENTS WILL DEMONSTRATE THE ABILITY TO:

1. *Understand and value one's self, others, and our common heritage.*
2. *Communicate appropriately and effectively.*
3. *Be able to solve problems independently and as a group.*
4. *Be responsible decision-makers.*
5. *Define and value aesthetics.*
6. *Appreciate and value culture and environmental diversity and relationships.*
7. *Acquire, process, and utilize information using appropriate technology and other resources.*
8. *Be productive, active, ethical contributors to themselves, their families, communities, nations, and the world.*
9. *Develop a professional work ethic and sense of purpose.*
10. *Be life-long learners.*

The mission statement for alternative high schools in the YUSD is:

"The mission of the Yosemite Unified School District Alternative Schools is to accept students as they are and guide them on individual pathways to academic success in gaining skills to achieve their full potentials."

Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

Parents are welcome to be involved in any activities at RGHS. They are encouraged assist their student in any way possible to help them be successful. They are invited to attend the oral presentation of the Senior Project each student is required to complete as a graduation requirement. Because the students do so many projects for the community, there are many opportunities for the parents to assist.

Student Enrollment by Grade Level (School Year 2007-08)

This table displays the number of students enrolled in each grade level at the school. These numbers are from October 2007.

III. School Climate

School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

A major effort was made during the early part of 2007 to revise and update the district's safety plan and crisis response plan. The district hosted a School Safety Summit in February for all of the school districts in the area and all of the emergency services agencies. Using information gathered from the summit, and from meetings with emergency services agencies, the plan was updated to conform to the National Incident Management System (NIMS) as required by law. In the past, the crisis response plan had conformed to the Standardized Emergency Management System (SEMS), which was replaced by NIMS. In addition to the district crisis response plan, each school has its own Safe School Plan based on staff and student surveys. These plans were completed during the spring of 2008.

Raymond Granite High School maintains a safe and positive learning environment. Students do a lot of one-on-one work with their teacher and they receive a lot of encouragement and positive reinforcement. The high teacher/student ratio and the size of the school make it possible for the students to develop a close relationship with their teacher and with each other which helps create a positive learning environment.

School Safety Plan

Key elements of the School Safety Plan include:

- A. Personal Characteristics of Students and Staff
 - 1. Goal: To make the school and district rules known to all students.
- Activities: Prepare district-level handbook for all students so rules are clear.
- B. School's Physical Environment
 - 1. Goal: To make the building more secure for students and staff
- Activities: Evaluate the school building for security issues and make the necessary alterations.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08
Suspensions	0.0	28.6	0.0	14.4	17.3	15.6
Expulsions	0.0	0.0	0.0	0.1	0.0	0.0

IV. School Facilities

Facility Conditions and Planned Improvements (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

The district takes great efforts to assure that all schools are clean, safe and functional. To assist in this effort, the district used the facility survey instrument developed by the State of California Office of Public School Construction. This survey was completed in May 2008. The results of this survey is available at the school office, the district office or on the Internet at www.yosemiteuhdsd.com

Age of School Buildings:

Raymond Granite High School has a main classroom, a wood shop, computer room and kitchen. The portable facility was put on site in 1985.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

There are currently no emergency facility needs at the school.

Cleaning Process and Schedule:

The director of maintenance, operations and transportation is a member of the district management team and is in daily contact with the operations facilitator and the custodial supervisor to ensure an efficient cleaning process and schedule. The staff works together to ensure a clean and safe school.

Deferred Maintenance Budget:

The district participates in the State School Deferred Maintenance Program which provides state matching funds to assist school districts with expenditures for major repair or replacement of existing school building components. Deferred maintenance projects in the district include floor covering, heating and air conditioning, painting and paving.

School Facility Good Repair Status (School Year 2008-09)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2008-09)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Resolution adopted Sept. 16, 2008 ensuring sufficient textbooks and instructional materials for each pupil in the district. List of all textbooks and supplemental materials is posted on the district's web site:

<http://www.yosemiteusd.com/> or is available in the district office.

Core Curriculum Area	Quality, Currency, and Availability of Textbooks and Instructional Materials	Percent of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials
Reading/Language Arts	All text books are from the state-approved textbook list, are standards-aligned, and are board approved. Textbooks are in good-to-excellent condition. There is a textbook for each student. Textbooks are replaced on an as-needed basis to assure that they are current. Additional instructional materials are available as needed. The board approved the adoption of Starline Press, a packet driven product, for use in all alternative schools in multiple subjects in 2008.	0%

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the [Current Expense of Education](#) Web page and teacher salaries can be found on the [Certificated Salaries and Benefits](#) Web page. The district does not list teacher salary if there are five or less teachers at the site because of confidentiality.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$28,070	\$1,116	\$26,954	N/A because of confidentiality
District	N/A	N/A	\$5,079	\$58,944
Percent Difference - School Site and District	N/A	N/A	530%	N/A because of confidentiality
State	N/A	N/A	\$5,300	\$59,271
Percent Difference - School Site and State	N/A	N/A	508%	N/A because of confidentiality

Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Students at Raymond Granite High School have access to services provided through the district, including substance abuse counseling, psychological services and school nurse services. The school works with Madera County Health Department to provide additional services.

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the [Certificated Salaries and Benefits](#) Web page.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$40621	\$37916
Mid-Range Teacher Salary	\$55808	\$58151
Highest Teacher Salary	\$75728	\$75396
Average Principal Salary (Elementary)	\$91950	\$91086
Average Principal Salary (Middle)	\$0	\$95220
Average Principal Salary (High)	\$105000	\$101661
Superintendent Salary	\$128310	\$136091
Percent of Budget for Teacher Salaries	38.2 %	38.5 %
Percent of Budget for Administrative Salaries	6.3 %	5.8 %

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The

CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the [Standardized Testing and Reporting \(STAR\) Results](#) Web page.

CST Results for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State

History-Social Science	*	*	*	39	34	37	33	33	36

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CST Results by Student Group - Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not

proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the [CAHSEE](#) Web site.

CAHSEE Results by Performance Level for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level in English-Language Arts and mathematics.

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CAHSEE Results by Performance Level for Student Groups – Most Recent Year

This table displays the percent of students, by group, achieving at each performance level in English language-arts and mathematics for the most recent testing period.

In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the [API](#) Web page.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools". A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	NA	NA	NA
Similar Schools	NA	NA	NA

"N/A" means a number is not applicable

API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the [AYP](#) Web page.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the [AYP](#) Web page.

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [University of California](#) Web site.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [California State University](#) Web site.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the [DataQuest](#) Web site.

Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in the 12th grade, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the [CAHSEE](#) Web page. Note: "N/A" means that the student group is not numerically significant at the school and district level; at the state level, it means the information is not yet available.

Career Technical Education Programs (School Year 2007-08)

This section provides information about the degree to which pupils are prepared to enter the workforce, including a list of career technical education (CTE) programs offered at the school.

While there are no career technical education programs as such offered at the school, students do a lot of work in the well-equipped wood shop, they work on landscape projects, and they cook in the school's kitchen.

Career Technical Education Participation (School Year 2007-08)

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation
Number of the school's pupils participating in CTE	N/A
Percent of the school's pupils completing a CTE program and earning a high school diploma	N/A
Percent of school's CTE courses sequenced or articulated between the school and institutions of postsecondary education	N/A

Courses for University of California and/or California State University Admission (School Year 2007-08)

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment, in and completion of, courses required for UC/CSU admission can be found at the [DataQuest](#) Web site.

UC/CSU Course Measure	Percent
Students Enrolled in Courses Required for UC/CSU Admission	N/A
Graduates Who Completed All Courses Required for UC/CSU Admission	N/A
