

**Yosemite High School
SIP Minutes
December 5, 2005**

1. Prior to the call to order it was noticed Secretary Rebecca Brokaw was absent so Becky Stolp volunteered to take minutes. **Call to order:** Betsy Blum called the meeting to order at 3:20 p.m.
2. Roll Call: Peggy Stewart, Becky Stolp, Tony Mowrer, students Rachel Tovar and Nicole Krenz, Valinda Clevenger, Betsy Blum, Kellie Romine, Kathy Burrow, and Steve Raupp
3. Approval of November 7, 2005 Minutes and Approval of December 5, 2005 Agenda. Betsy Blum stated Agenda Item II- Program Reviews – Senior Projects would be postponed until the January, 2006 SIP meeting. After the correction to the Agenda was noted, Steve Raupp moved to approve the agenda and minutes, Peggy Stewart seconded. Vote carried unanimously.

Yosemite High School Career Center Update – Kellie Romine

Valinda Clevenger introduced the new Career Center person, Kellie Romine. Clevenger noted Mrs. Romine took over for Stephanie Samuels when Ms. Samuels relocated to Counseling as a counselor tech. Mrs. Clevenger said the Career Center and Counselors work hand in hand as they are always sending students over to the Career Center to figure out students' career interests. Mrs. Romine handed out a Center brochure that explains what the Center has to offer. The Center helps students by identifying their skills and how they will transfer to the workplace. The Center has information on colleges, trade schools, job shadowing and financial aid. The Career Center is students' connection to Military Recruiters and Job Fairs. The Center is your place for the Eureka Computer Program; an all encompassing software program that explores many post-graduate options after Yosemite High School.

Technology Committee Report – Replacement, Rotation, Recycling

Steve Raupp announced 19 computers, mainly tower units, have been purchased. He said he had two EAST students compile a school-wide inventory of all computers to get an idea of what people have. Mr. Raupp said he wishes to have one central collection area of old, unused computers to see what computers are salvageable and what computers need to be hauled off. He hopes to connect with Fresno State's computer recycling program to minimize the cost of recycling computers. Mr. Raupp noted he has to report in the YHS annual report to the State all computers older than 3 years.

Budget - Betsy Blum announced there was nothing new to report in the SIP budget.

New Business - Mrs. Tarr will discuss Senior Projects at the next meeting.

Next Meeting – Monday, January 9, 2006 in the Ansel Adams Conference Room at 3:15 p.m.

Adjournment – Betsy Blum adjourned the meeting at 3:50 p.m.
