

**Yosemite High School  
SIP Minutes  
November 5, 2007**

SIP members met in Rob Nobles classroom to learn about the Edugame System. (Gerard Klimbal was ill so members did not hear about Yosemite High School (YHS)/UC Merced/Yosemite National Park involvement.)

Edugame was funded by SIP monies. Edugame is an interactive classroom system whereby students use a remote control to answer questions on a screen/whiteboard. Once the questions are answered then all can get instant feedback on whether the question was answered correctly or not. Mr. Nobles has the science packet for Edugame using the Chemistry component. Mrs. Aoki was in attendance to possibly use the biology component for her classroom. Some of Mr. Nobles' chemistry students were on hand to answer questions. All had high praise for the Edugame.
